Dr. Bronner's Magic Soap

Dr. Bronner's Soaps are one of those truly unique products you rarely run across - it has made a believer out of the World's Best staff and families, and believe me that's hard to do - a truly unusual, great product, one we are really proud to have.

Dr. Bronner sells every drop of soap he makes and has done since the late 1950s. And he has done so without spending one dime on advertising or marketing, has never run an ad and has never had a salesman. That's supposed to be impossible.

Why does he sell over 2 million bottles each year - because users love it - for its devotees, it is a word of mouth experience, a lifestyle choice, a trip back to a simpler time - an all natural product - "Pure Castile Soap" - no detergents, no synthetics, None! "100% cruelty free" that is very effective, safe, and fun to use.....

100% natural, made with pure oils and without fat or synthetics... kings, queens, and The World's Best customers use it to:

- **Look Gorgeous** - without going broke
- **Smells Unbelievable** - great to the last drop - unlike any soap you have ever tried
- **Long Lasting** - outlasts any bar soap
- **Very Versatile** - keep your body clean also bathe pets, wash pesticides from fruits and veggies
- **Children Love It** - have your children smell the peppermint soap once and they will fight over who gets to use it first, unlike most soaps where kids fight not to use. Smells fantastic to the last drop

- **Great for your Skin** - You will feel very clean, smell great, your skin will feel smooth, clean and very natural

- **Unsolicited Ads** - Run-of the mill soap isn't profiled in "Esquire" or on the front page of "The Wall Street Journal" or by the "Associated Press" or in "Dirt Rider Magazine", a biker's bible or Vogue, but Dr. Bronner's is! All unsolicited articles hailing the uniqueness of these sensational soaps.
