Travelling as much as we do, we often stumble across products that are just so clever or useful we wonder how we ever lived without them. The answer, unfortunately, is that these must-haves are only available in certain countries. Be it for comfort or cosmetic purposes, these items are worth the trip. Just remember to buy in bulk

Ever wonder how the troop of Germans next to you on the beach in Nevis got their skin so perfectly bronzed? They came from home armed with Variosun, a sun lotion that allows you to adjust your individual SPF from 30 to two as your skin takes on colour

Variosun, DM30, available throughout Germany
