PO Box 105, Hampton, Middlesex TW12 3TL.

ALLERGY CLEANUP

Soap powder allergy is extremely common, largely because most washing machines don't rinse sufficiently. But the new hypoallergenic Ionic 1000 Laundry Ball, developed by a naturopathic doctor, uses solid washing pellets which do not leave a soap residue, and lasts for 1,000 washes. For mail order, Freefone 0800 0260220. As a special offer for YOU readers, we have 20 Ionic 1000 Laundry Balls, worth £44.95 each, to give away. Simply call 0891 580772*, leaving your name, address and phone number. Or send your details on a postcard to Ionic Giveaway/YOU, PO Box 111, Chatham, Kent ME4 4LS.
